

## BRIBERY RIFE IN A WESTERN COMMONWEALTH

**Federal Grand Jury Finds 22  
Indictments at  
Omaha.**

### HIGH MEN CONCERNED

[By Telegraph to The Age.]

Omaha, Neb., Dec. 11.—Twenty-two indictments were returned in the partial report of the federal grand jury investigating postoffice bribery cases and the alleged illegal fencing of government lands in western Nebraska.

One indictment is made against former State Senator Elliott Lowe, for bribery in connection with the appointment of a postmaster at Alma, Neb.; 10 are against ranchmen for illegal fencing, and the others were Indian cases, mostly of a minor character. The indictment against former State Senator Lowe contained two counts, and charges conspiracy to violate section 1781 of the Revised Statutes by conspiring to bribe Senator Charles H. Dietrich by acting as intermediary in the payment of \$400 in consideration of which J. P. Billings, who at the time of the alleged transaction was postmaster at Alma, Neb., was to prove the recommendation by the senator for reappointment. One of the counts charges the payment of \$100 and the other of \$300.

The evidence on which Lowe was indicted is said to have been given by J. P. Billings, former postmaster at Alma. It was to the effect that when he applied to Senator Dietrich for reappointment he was told that State Senator Lowe had been given the privilege of naming the postmaster at Alma and that a recommendation from Lowe would receive his (Senator Dietrich's) indorsement. Billings further testified, according to published reports, that he paid Lowe \$400 and later J. C. Mitchell was appointed to succeed him. Billings testified that the \$400 was returned to him with the statement that Mitchell had been recommended because of his paying a larger sum of money.

### Says Assassination Is Planned.

Omaha, Dec. 11.—Mrs. H. W. Bunker, whose husband is foreman of the railroad shops at Fairbury, Neb., and who is prominently identified with a fraternal order, called on Francis E. White, foreman of the federal grand jury now investigating postoffice bribery, and informed him that members of the order were planning to take his life. Mrs. Bunker was taken to the office of United States Marshal Matthews and closely questioned, but did not relate the story of her information.

## DIXIE FLAGSHIP OF THE SQUADRON

[By Telegraph to The Age.]

Colon, Dec. 11.—Admiral Coghlan transferred his flag from the converted cruiser Mayflower to the auxiliary cruiser Dixie. The Mayflower has just left the harbor to cruise along the San Blas coast and to obtain reports from the cruiser Atlanta and the gunboat Bancroft, neither of which has yet returned here. The Atlanta is patrolling the eastern end of the San Blas coast and the Bancroft the western end.

## COMPANY TO MAKE LUNCH BOXES

Coshocton is about to gain another new industry, the result of the ingenuity of one of her well known citizens. Ben L. Shaw, the well known merchant, has perfected a device whereby the popular brown fibre lunch boxes, that are in such general demand, may be manufactured at a saving of a dollar a gross over any other manufacturers on earth.

Mr. Shaw has perfected a stamping machine, that from a continuous band of narrow flat wire does the stamping in a quick and simple manner. He has other improvements on old methods that are great labor savers, and will begin the active manufacture of the boxes early next spring. The boxes are made of the brown fibre which is impervious to water, and will be so cheap that any size will retail at ten cents and leave a good wide profit. It may be that a company will be formed and establish the plant in the third floor of the Shaw building on Main street.

### Chief Operator Resigns.

Miss Anna Courson has resigned her position in the office of the Central Union Telephone company.

## BROADSIDE OF PETITIONS TO BE FIRED ON THE "PARA-MOUNT ISSUE" BY BOTH SIDES AT THE CITY COUNCIL

**Citizens Sign Petition Opposing the One of Merchants.**

The next session of the city council will bring back memories of library days, if indications are dependable.

Of course it is the market question. Coshocton can't get along very well for any considerable length of time without a paramount issue, and just now it is the market, on account of the stand taken by the grocers and butchers, as related in these columns, to make a change in the market ordinance that will afford them relief from what they term an unfair competition.

No matter that has been in the public eye for many months has aroused such voluminous discussion as this, and the two sides of the question find ready and eloquent supporters.

There are at least half a dozen

petitions in circulation and it is understood that they are being readily signed, to be used in "bolstering up the council. In other words it is what is termed a "Citizens' petition, asking the council to make no change that would injure the established public market in any way, and reciting that is a good thing for the city at large.

During the past two days, The Age has been deluged with anonymous communications, on both sides of the question, some descending to mere abusive personalities. Communications, dignified and fair in character, will be printed when signed by the writer's name; the fact that a man declines to father his own article is not a good sign of his sincerity.

From Attorney John C. Adams, an Age reporter today secured a copy of the petition that will be presented to council by the merchants affected. It might be said in fairness to Mr. Parrish, whose interview recently appeared, and which has brought upon him the brunt of the fight of those in favor of the market, that he is merely one of the signers to the petition, as will appear below.

The petition reads as follows: To the Honorable Members of the City Council of Coshocton, Ohio.

Gentlemen—We, the undersigned merchants and business men respectfully petition your honorable body to amend the ordinance providing for and creating a market in the city of Coshocton, by incorporating therein a reasonable license fee to be paid into the city treasury by the parties selling their products in the market on market days.

We also beg to represent to your honorable body that the market, as it is, now constituted with free access by those living without the city to sell their products in competition with us, is a serious detriment to our business and business interests. In view of the fact that they have no expense and we are at a great expense in maintaining our business in the city, which places us at a great disadvantage in the market.

## FLAMES SHOW LITTLE REGARD FOR ROYALTY

[By Telegraph to The Age.]

London, Dec. 11.—Queen Alexandra and her secretary, Miss Knollys, had narrow escapes from a fire in the palace at Sandringham. The queen had just left her room when the floor collapsed.

The conflagration broke out in Miss Knollys' bedroom, in the chimney flue, where a fire is supposed to have been smouldering for some days and spread to the bedroom of the queen, who was asleep at the time. She was awakened by Miss Knollys, who also raised an alarm, but the flames obtained a good hold of both rooms and considerable damage was done before the fire was extinguished. The outbreak caused a great deal of excitement at Sandringham, where a number of guests are staying at present.

The reticence customary at Sandringham was observed in connection with the fire. From later information, however, it appears that Queen Alexandra had a narrower escape than the first accounts of the fire indicated. Miss Charlotte Knollys was fortunately awakened by the smoke in her bedroom, which was immediately below the chamber occupied by her majesty. Miss Knollys rushed up stairs to the queen's apartments and aroused her majesty. Both the queen and her secretary, who were clad only in dressing gowns, escaped from the burning room not a moment too soon, as the floor of the queen's apartment collapsed almost immediately carrying with it her majesty's bed.

Only a few hundred pounds' damage was done by the fire, which was confined to the two bedrooms. It is now stated that the blaze was caused by an imperfectly insulated electric light wire, which set fire to a beam between the ceiling of Miss Knollys' bedroom and the floor of her majesty's apartment.

## GOUGERS WANT CASH FROM CONGRESS

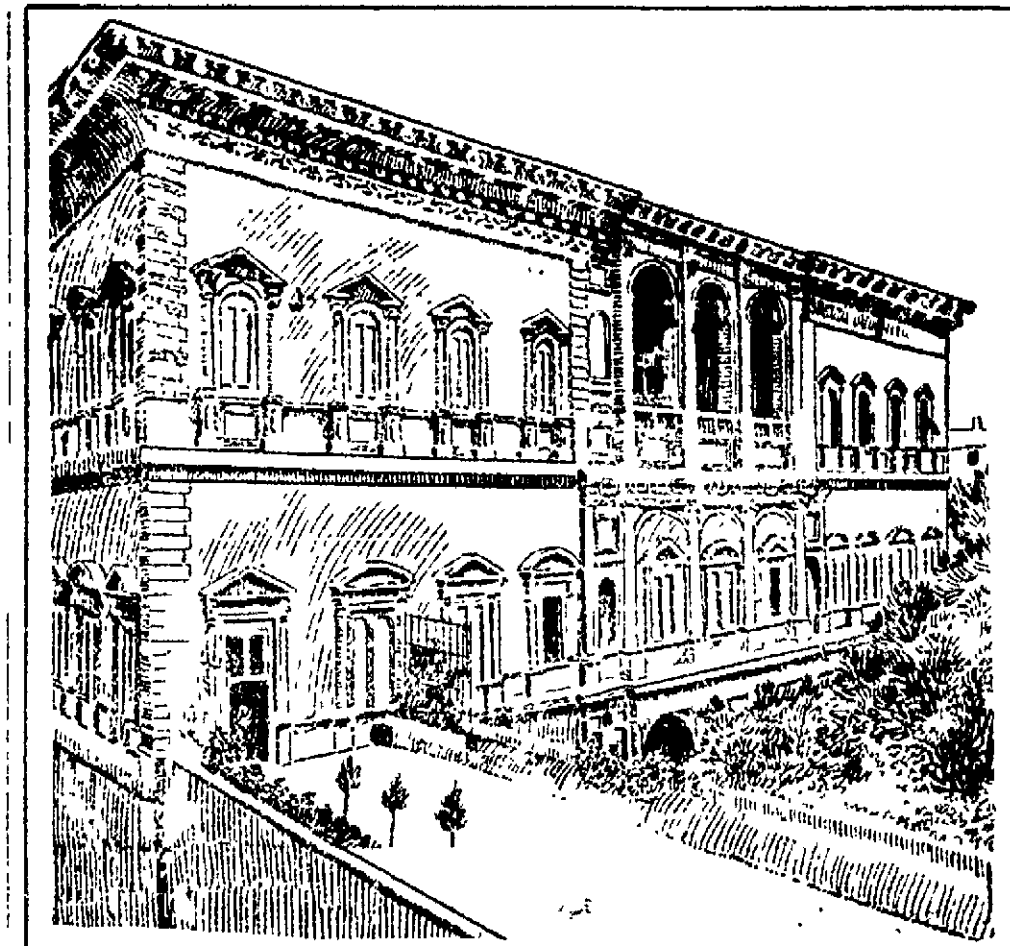

[By Telegraph to The Age.]

Washington, Dec. 11.—A report was current that the Louisiana Purchase Exposition company would ask congress for another appropriation amounting to \$1,000,000 to carry out to completion the plans contemplated by the company. A committee of the exposition officials is now here with the St. Louis contingent who are seeking to have the next Republican convention go to St. Louis. They are not yet prepared to make a definite statement of their intentions regarding the appropriation and up to this time it is said have confined their work to the extent of sounding members of the senate and house with a view of determining how such a request would be received.

### May Change Pastorate.

There is a well defined rumor on the streets that even the man most interested, himself, cannot authenticate to the effect that in the advent of the appointment of Rev. Father Hartley, of Steubenville, to be bishop of this diocese that Rev. Father Synan of this city will be transferred to the charge at Steubenville. Rev. Father Synan is very popular with his parishioners and his removal from the city would be keenly regretted.

Prof. H. G. Vocum of Massillon was in the city.

THE FARNESE PALACE WHICH IS TO BE SOLD.  
The famous Farnese palace in Rome, which is shortly to be sold, was built under the supervision of Michael Angelo. No bid of less than \$1,000,000 will be accepted for this palace, which is one of the most beautiful structures in Europe.

## DECLINES TO GIVE PLEDGES TO WIN SEAT

**Characteristic Reply by Pres.  
Roosevelt to Pointed  
Query.**

[By Telegraph to The Age.]

Washington, Dec. 11.—President Roosevelt received the members of the Republican national committee, who are in the city to attend the meeting of the committee, which began at the Arlington hotel. The delegation from Chicago which is in the city to present to the national committee the claims of that city on the national convention, was received by President Roosevelt at the White House. The delegation was headed by Graeme Stewart and Postmaster Coyne of Chicago.

Roosevelt Will Make No Pledges.  
Washington, Dec. 11.—A semi-official statement has been issued from the White House that recently the president was approached by a representative of Wall street interests with a proposition that if he would promise to do nothing to interfere with business confidence, his nomination would be assured. The president said: "If any such pledge is necessary as a preliminary to my election, I am not fit to be elected at all. I decline to give any pledges."

## ODDFELLOWS SELECT GEO. KOLB

[By Telegraph to The Age.]

Columbus, O., Dec. 11.—The election returns for officers of the Grand Lodge of Odd Fellows are practically all in, the few remaining lodges to report not being strong enough to change the results. George C. Kolb, Cincinnati, is elected grand master with a plurality of 3,827.

Ervin Mizer, of Bakersville, is in town.

## WANT TO CUT WAGES OF THE COAL MINERS

**Coshocton is Affected by  
Proposed Reduction.**

[By Telegraph to The Age.]

Cleveland, O., Dec. 11.—It is stated that a meeting of the soft coal operators in Ohio, Indiana, West Virginia and western Pennsylvania districts has been called to meet here next Monday. It is understood that the most important matter to be discussed is the proposition to reduce miners' wages. The miners will probably be asked to arbitrate the agreement made last spring and accept a reduction in wages.

The miners will probably be represented by their national and district leaders. The operators are said to have outlined a plan to submit to the workmen. If the men accept the proposition of a reduction in wages without protest the operators will endeavor to continue running their mines at full capacity. If the proposition is not accepted it is said that the operators will reduce the output equal to a month's production from all its mines in the districts named.

## BOB TAYLOR TO HELP TRY SMOOT

## OHIO CROOK FISHED IN BY NOVEL METHOD

[By Telegraph to The Age.]

New York, Dec. 11.—After having attempted to rob the First National bank of Hoboken in broad daylight in true western style, Frank Stone, a youth of 19 whose home is in Youngstown, O., sprang into the Hudson river when followed by a great crowd and would have made his escape had not a tug boatman thrown a lasso about his neck and hauled him in. Stone arrived in Hoboken Wednesday, and the police say that Wednesday night he effected an entrance into a saloon and robbed the cash drawer of its contents, including a check on the First National bank for \$15. Payment on the check was stopped and when Stone presented it at the cashier's window Cashier McKelg went out to capture the lad. The latter suddenly seized the wicket window and attempted to pull it apart and seize the cash that lay in large quantities on the counter.

## WANT TO ALTER GAME LAWS

[By Telegraph to The Age.]

Cleveland, O., Dec. 11.—The Ohio Hotel Men's Association, in convention here, appointed a committee to work for the repeal of the Ohio game laws. The state legislature will be asked to carry out this provision at its coming session. The hotel men state that the game laws are absurd harmful to their business and of benefit only to the game warden. At the business meeting Nicholas A. Court of the Chattanooga hotel, Columbus was elected president of the association.

## GRIP WITH WEALTH FOUND UNDER PORCH

[By Telegraph to The Age.]

Baltimore, Dec. 11.—Security amounting to \$6,200 contained in the satchel of Runner Hill of the Merchants' National bank, stolen from him in the registry division of the Baltimore post-office a few days ago, were recovered by local detectives. An unknown person telephoned to the local police from New York notifying them where the letters had been secreted. They were found under a door in a house in a suburb of this city. "Doc" Buss, with several aliases, has been indicted by the United States grand jury to answer the charge of theft.

### A Serious Charge.

Victor Bozegrain, an old bachelor rooming on Hickory street, was arrested Thursday night and lodged in city prison. While the charge filed against him by City Solicitor Hahn is for assault and battery which is the only way the case may be covered under the statutes, yet the cause of his arrest was the enticement of a young boy to his rooms. The fact that the lad made his escape from the apartment is the reason no more serious charge could be placed against the man. Bozegrain has borne a good reputation during his residence here of four or five years and his escapade is all the more deplorable.

He has retained J. L. McDowell as counsel and will probably be given a hearing late this afternoon.

## PANHANDLE FLYER PLUNGES INTO A FREIGHT

**Open Switch at Steubenville  
Causes Disastrous  
Wreck.**

### ONE KILLED; FIFTEEN HURT

Fast train No. 14, on the Panhandle, that passes through Coshocton east bound at 2:23 p. m. was wrecked Thursday afternoon near Steubenville.

Engineer Wood, who was at the throttle, is well known in Coshocton, having formerly been on a local run on this division.

The train is a solid vestibule train and one of the best on the Panhandle. Within an hour after the wreck one track was cleared and traffic was but little impeded. The Associated Press account of the accident is as follows:

[By Telegraph to The Age.]

Steubenville, O., Dec. 11.—East-bound Panhandle train No. 14 ran into an open switch at New Cumberland Junction, east of here, and a head-on collision with a freight train engine on the west track resulted and one man was killed and 15 passengers injured. The enginemen of the freight jumped and escaped injury.

The mail car telescoped combination smoker and baggage. The injured were in this car. Only the front end of the forward mail car was smashed. The dead man and the injured were brought to Steubenville hospital.

The dead man is Frank A. Lavelle, an oil stock salesman, who lived at Indianapolis. He was caught when the mail car was telescoped and instantly killed.

The injured: H. J. Slater, Indianapolis, who was in the seat with Lavelle, left leg fractured; Eugene E. Hagan, Perth Amboy, N. J., bruised on head, body wrenched; an Italian en route from St. Louis to Italy, left leg broken; William Leark, New York city, left leg wrenched; Ellis Mills, Knightstown, Ind., shoulder bruised; David M. Fisher, Lima, O., fracture of legs, head bruised; O. A. Baker, Uhrichsville, O., forearm, back injured; Michael Woods, Dennison, O., engineer, internal injuries; Ellis Bartholomew, Toledo, right ankle sprained; L. C. Turner, Pittsburg, back hurt; Lee Chandler, Washington, D. C., shoulder and left leg hurt; Wesley Bennett, Lily Chapel, O., cut over left eye and body bruised; A. J. Ball, Indianapolis, left knee and arm bruised, head cut; W. P. Baeholder, Indianapolis, head cut; D. S. Cook, Greenup, Ill., head and left arm cut.

Axis had to be used to chop many out of the wreckage in which they were pinned. Both engines, the combination car and one mail car were demolished.

## TYPHOID BETTER AT BUTLER

[By Telegraph to The Age.]

Butler, Pa., Dec. 11.—Not a single death from typhoid fever or any other cause has occurred in Butler during the past 24 hours, and only six new cases of fever, which is the best record for a single day during the past six weeks. This is the substance of the report of the ward committee to the executive committee. The total number of cases to date reported to the committee is 1,306, and deaths 51. Dr. W. R. Barr, state quarantine officer, who is making a house-to-house canvass distributing disinfectants, is of the opinion that the total number of fever cases in the city at present will exceed the number reported to the committee as having been treated since the beginning of the outbreak. Until his canvass is completed he will not give out more definite statistics.

### Among The Stricken.

R. M. Temple has received word from Butler, Pa., that his sister, Mrs. Jennie Nixon and her daughter Miss Helen Nixon are among the many who are suffering with typhoid fever at that place. The letter was written by Mr. Temple's nephew. They were expected here last week to visit at the Temple home. Two weeks ago the large hotel owned by them was consumed by fire and they suffered a loss of about \$40,000. They are now living at another hotel in Butler.

# Rheumatism

## "THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism. Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

## To Favor Labor Unions.

Chicago, Dec. 11. — Uniform agreements between the building contractors and trades unions in the principal cities of the United States, that competition from "the small contractor" may be eradicated and activity in construction work continue evenly throughout the year, proved to be the favored idea among the delegates to the national contractors' conference, which opened here. The delegates came to Chicago, it was said, to form a national organization which will include the strongest councils of contractors in the country. According to the present plans the policy of the new organization will be openly conciliatory to labor unions, but no cast-iron rule as to open or closed shop will be adopted.

C. E. Anderson, the popular druggist, reports that he has had a large increase in the sale of the flesh-forming Mi-o-na and that his customers tell him that it does all that is claimed for it.

It is a fact that there are not nearly as many thin and scrawny people on the streets of Coshocton today as there were a year ago. This is undoubtedly due to the general use of Mi-o-na, the flesh-forming food that he has been selling in large quantities the last year. He has so much confidence in Mi-o-na that he offers to pay for the treatment himself if it does not give satisfaction.

It pays to advertise articles of merit in The Age. While Mi-o-na has been advertised but little, yet he says that it is the best selling article in his stock. This shows the advantage of his advertising when one has an article of special merit to sell on a "no cure, no pay" plan the way Mi-o-na, the flesh-forming food and digestion regulator is sold.

The following notice has been sent to the leading druggists in all cities through the country, among them C. E. Anderson of this city.

"You are hereby authorized to sell Mi-o-na with the distinct understanding that if it does not give an increase in weight and cure dyspepsia and all stomach troubles, the price is to be refunded to the customer on his simple statement that it did not give satisfaction.

The R. T. Booth Co."

Do not make yourself or your friends miserable because of your dyspepsia. Mi-o-na is guaranteed by C. E. Anderson to cure this distressing disease and is sold with the distinct understanding that money will be refunded if it fails.

CATHOLIC CHURCH

Communicants of Sacred  
Heart Church Accomplish  
Good Work.

Members of the Roman Catholic church of the Sacred Heart are rejoicing over the fact that this week sees the parish practically clear of all debt. Credit for the proud record is largely due to the zeal and untiring efforts of the pastor of the church, Rev. Father Owen J. Synan, who, during his three years incumbency, has the splendid record of having raised more than \$600 and off indebtedness on the building debt and improvements.

The debt that has just been obliterated aggregates more than \$5000 and is divided as follows:

|                       |         |
|-----------------------|---------|
| Church debt.....      | \$4,050 |
| Candelabra.....       | 52      |
| Statues.....          | 100     |
| Stations.....         | 250     |
| Frescoing.....        | 400     |
| Sacramental lamp..... | 40      |
| Vestments.....        | 50      |
| Chalice.....          | 50      |
| Repairs to home.....  | 500     |

The total reaches \$5492, and with the exception of an insignificant bill or two of current expense, places the parish absolutely out of debt.

Why suffer with indigestion dyspepsia, gastric irregularities, stomach troubles, when Rocky Mountain Tea will make you well and keep you well? 35 cents. C. E. Anderson

Probably Bound For Colon.  
Philadelphia, Dec. 11.—The United States gunboat Castine, in charge of Commander Knight, left League Island and navy yard under sealed orders. It is believed she is bound for Colon.

Thinks War Inevitable.  
Vienna, Dec. 11.—General Tzontcheff, the Macedonian leader, left for Paris. He will later go to London, and it is possible that he will visit the United States. Interviewed, General Tzontcheff said he considered that a war between Turkey and Bulgaria next spring was inevitable, and he expressed the belief that Serbia would co-operate with Bulgaria. He said that the scheme of reforms in Macedonia formulated by the Austrian and Russian governments, and formally consented to by the Porte, was doomed to failure.

Shot by Elevator Boy.  
New York, Dec. 11.—Harry McCauley, aged 17, shot and probably fatally wounded William Morrissey, aged 22, the head bell man at the Hotel Martha Washington. Two shots took effect in Morrissey's body, one entering close to the heart. He was taken to New York hospital in a dying condition. McCauley had been an elevator boy at the hotel and had been discharged.

Banker Arrested.  
City of Mexico, Dec. 11.—J. O. Rice, former manager of the recently suspended International Bank and Trust company of America, has been arrested and is now in prison on criminal charges brought against him in connection with his conduct of the bank's affairs. His friends are trying hard to secure his release on bail.

To Contest McKay's Will.  
Boston, Dec. 11.—Notice that the will of the late Gordon McKay of Newport, R. I., which bequeathed several millions to Harvard university, will be contested, was filed in the Suffolk county probate court here. Nettie S. Abbott, a distant relative and a resident of New Hampshire, is the contestant.

Mother and Babe Burned.  
Nebraska City, Neb., Dec. 11.—In a fire which partially destroyed the home of George Trullinger, Mrs. Trullinger and her infant babe were fatally burned. The woman attempted to start a fire with kerosene, which exploded, setting fire to her clothing and that of the child.

Freed From Fever.  
Montreux, Mexico, Dec. 11.—Cold weather having prevailed for over a week and no new cases of yellow fever having made their appearance, the board of health officially declared the city free from the yellow fever.

The sedentary indoor life of winter is conducive to a sluggish condition of blood and eliminating organs—poisons and waste matter are retained after they should be thrown off.

Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) should be taken in cases of winter sluggishness. It makes healthy vigor, enriches the blood, tones up all the organs and feeds impoverished nerves. It cures the conditions which cause weak lungs, bronchitis, consumption, catarrhal conditions, nervousness, indigestion, mal-assimilation.

Hagee's Cordial is a thin, palatable fluid cordial, pleasant to the taste and smell. Sold by all druggists. Prepared by Katharine Chemical Co., St. Louis, Mo.

TROUBLES OF  
TOM LAUGHEAD

Popular Panhandle Conductor's Busy Day.

A railroad passenger conductor has plenty of work and requires an amount of patience and nerve, not needed by most men, says the Uhrichsville Chronicle.

On No. 3 Saturday night within a few miles incidents were noted that were enough to try the patience of an average man. One was a foreigner who was trying to beat his way. Conductor Laughhead was very patient but firm, and he spent more time in trying to get 50 cents out of the fellow than some men would have done. Finally, after he had threatened to stop the train and put the man off, he dug down in his pocket and produced the half dollar. And then he did not get off at the station to which he had paid, but tried to beat the conductor again. Laughhead was on the watch, however, and made him produce again, and then saw that he got off at the right point. Another man went past the station to which he had paid, pretending to be asleep, and was very indignant because the conductor had not awakened him. Then he rode past the next stop and argued that the conductor ought not to charge him for the extra ride. Still another—and this was probably an innocent case, for he was only a boy and could not understand the English language—failed to get off at the right station and was badly worried. He was given a pass back on another train, as it was clear that he had not intended to beat the road. The train was crowded, so that it was impossible to see that every one got off at his proper stop. But none of the extra rides escaped the notice of the conductor.

**GALLINGER AS A PHYSICIAN.**

New Hampshire Senator Shows His Skill in Reviving a Capitol Policeman—What a Colleague Said When He Neglected to Collect His Fee  
 Anonymous Poet Warns Senators Against Steel Common—The Devout Ashman.

Senator Jacob H. Gallinger of New Hampshire was recently afforded an opportunity to demonstrate that his usefulness as a member of the medical profession had not entirely vanished with his assumption of senatorial dignity, says the New York Tribune's Washington correspondent. While the senate was in session W. B. Mitchell, a capitol policeman, stationed at the entrance of the senate lobby, suddenly dropped to the floor unconscious and apparently lifeless. Associates hurried to his assistance and, thoroughly alarmed, asked that a physician be summoned. Then it was that the presence of a doctor senator in the chamber was recalled, and he responded to the call with the alacrity of a young physician who had just hung out his shingle.

Dr. Gallinger diagnosed the case as brain trouble and promptly sent for restoratives. In about fifteen minutes the patient had sufficiently recovered to be taken to a committee room, where the senator's attention to the sick man showed the practiced eye of the physician as well as the tender care of the trained nurse.

When his patient no longer required his services, the doctor became highly unprofessional in neglecting to ask for his fee. A colleague present remarked, "It is no wonder that Gallinger went into politics if that is the way he did business when he practiced medicine."

This bit of poetry, printed by a type writer on a slip of paper, found its way into the senate the other day and was passed around from senator to senator. Mother, may I go out to swim?

Yes, my darling daughter, But don't go near Steel common dock, For it's terribly full of water.

The identity of the author is not even suspected.

A privileged motion was introduced in the house providing for the employment of a laborer in the bathroom, says the New York Tribune. It was explained that his employment was "essential to the organization of the house."

"Necessary to the comfort of the house would better express it," remarked Uncle Joe Cannon, who was in the chair, in an undertone. When this motion was made several senators who had come over to listen to the debate on the Cuban treaty bill were scattered about the floor of the house. Turning to a colleague, Senator William M. Stewart of Nevada said:

"It seems to me that I have heard something about a labor saving device known as a steam road scraper, which is guaranteed quickly and effectually to dispose of accumulated dirt. I wonder if these fellows have ever heard of it."

Senator Shelby M. Cullom of Illinois has a tiny granddaughter of whom he is very fond, says the New York World. He recently told in the senate cloakroom how the little girl came to her mother a few days ago and said:

"Mamma, the man who takes away our ashes is awfully religious."

"Why, dear?" the mother asked.

"Because when he put the ashes in the cart today and the mule wouldn't go he sat there and told the mule all about a lot of religious things."

Opposite the capitol is the Bliss building, where the industrial commission held sessions for a year or more, and a few miles away, opposite the interior department, is the civil service commission, where bask the official upholders of the fitness in the classified service. A new congressman from the west the other day hurried into the doorway of the civil service commission and ran against a treasury official who was going out.

"Is this the Bliss building?" queried the member.

"My dear friend," replied the official, who had been laboring hard with the commission to pass over some technical slip of omission under the civil service law, "you are in the wrong pew. There is no bliss here. This is not the home

of bliss, but the seat of discord and the valley of lamentations."

The Hon. William Sulzer had pulled out all the stops and was gorgeously speaking on Cuba the other day.

"Cuba is the land of perpetual flowers," he said, "of stately royal palms, the Bohemia of the dreamer, generous in tropical fruits, the home for the painter and for the poet, the paradise of the islands of the sea one long, harmonious, brilliant, indescribable mental melody."

He stopped for breath. "Hey, Bill!" whispered Representative Ruppert. "Better roll another pill or you can't keep it up."

**Hundred of Millions Involved.**

Chicago, Dec. 11.—Final arrangements were made for the incorporation of the Interstate Telephone association into one company. This means the amalgamation of over 4,000 independent telephone companies in Illinois, Wisconsin, Kentucky, Missouri, Iowa, Indiana, Pennsylvania, Nebraska, Minnesota, Ohio and Michigan, involving property valued at more than \$200,000,000. This action was taken at the closing session here of the association. A permanent committee was appointed to work upon plans of action for the new company.

**Boat Caught In Ice.**

St. Louis, Dec. 11.—Surrounded by grinding ice, its coal bunkers empty and its engines dead, the ferryboat Alonzo Church, with 60 passengers on board, lay helpless in the river for three hours 800 yards from the Illinois shore. Among the passengers were six members of the Merchants' Exchange on their way to East St. Louis. Fifteen vehicles, transfer wagons and buggies were also on board the boat. Finally everybody was taken off by a tug after suffering in the cold for three hours.

**Youth Aided in Murder.**

Bennington, Vt., Dec. 11.—Levi Perham, a youth of 19, related in the county court how, for love of Mrs. Mary H. Rogers, he aided the woman to murder her husband, to the end that with the \$500 insurance obtained on his life she might furnish a home for the man she loved.

**Would Raise Salaries.**

Washington, Dec. 11.—Senator Gallinger introduced a bill providing that after March 1, 1933 salaries of senators, representatives and delegates in congress shall be \$7,000 a year.

He Did Too.  
 A cannibal king they called Crunch said: "White man, I'll give you a bunch. Just lay down your arms. And I'll show you some fun— On the dead, I will have you to lunch."

## LADS BUILD A MIMIC THEATRE

Russell Shaw and Robert Ricketts,  
two ten year old boys, have construct-  
ed a very clever little "theatre" in  
the second floor of B. L. Shaw's  
store.

The theatre is in miniature, a coun-  
terpart of a modern stage, with roll-  
ing curtain, electric fly lights, and  
several shifts of scenery, all painted  
by the remarkably clever brush of  
Mr. Shaw's little son.

There is a prison scene, a parlor  
set, a garden, park, woods, and a  
scene at sea, all of which show a  
decided talent for drawing. The lads  
use miniature actors, and get much  
amusement from their home-made  
but handsome toy.

### JURY INVESTIGATES.

Assassination Causes Excitement in an Indiana Town.

Rising Sun, Ind., Dec. 11. This place of less than 2000 people has been intensely excited since Miss Elizabeth Gillespie was shot at her parlor window last Tuesday evening. The excitement increased when the grand jury began its investigation into the matter and since Miss Gillespie died Thursday threatening conditions exist here. The Gillespie family was one of the most prominent in Ohio county. The victim was a lady of literary and musical attainments. Miss Elizabeth Gillespie was 38 years old and lived alone with her mother, Margaret Gillespie, aged 79. Across the street from them lived the victim's twin brother, James, and her sister, Mrs. W. R. Seward, a widow. Members of these two households were not on speaking terms. After the death of her father, Dr. William Gillespie, they quarreled over the estate. Two years ago James left his mother and Elizabeth to live with Mrs. Seward. Recently the mother decided her property to Elizabeth. Since then the relations between the twins became more strenuous.

### Small Talk.

## PRIZE WINNERS AT POULTRY SHOW

Judge Orr Finishes Work And Departs—Closes Tonight.

The poultry show will close tonight. In many respects it has been a success although the attendance has not been large and the interest taken in the show has not been as great as was expected it appears that Coshocton people do not patronize a poultry or dog show as do the people of other neighboring towns such as Dennison and Wooster.

Judge T. E. Orr, of Beaver, Pa., completed his work of scoring the birds Thursday evening and returned home. He is a pleasant gentleman and an impartial judge, giving excellent satisfaction at the Coshocton show. Judge Orr will be superintendent of poultry at the World's Fair at St. Louis next year and is secretary and treasurer of the American Poultry association.

The enjoyment at the show was enlivened Thursday evening by a gramophone.

Entertainment given by Daniel Valentine, a leading poultry fancier of Jackson township. With his up-to-date Edison machine he is able to hold an audience by the hour. One piece was an especial favorite of the audience Thursday evening. It was the violin and flute duet entitled "Spring of Love," which won first prize at the contest at the Fountain store a few months ago. This piece was called for again and again.
